

Invitation to the Research Day of the Emil Fischer Graduate Programme

Thursday 9th July 2015

Institute of Biochemistry, Fahrstraße 17

- | | | |
|-----------|---|---|
| 14:00 | Opening and introduction of new efs members | |
| following | Lecture | Prof. Dr. Klaus Müller, F. Hoffmann-La Roche, Basel
<i>"Fascination and Challenges for Chemists in Modern Pharmaceutical Research"</i> |
| 15:30 | Short Lecture | Rebecca Hoffmann, Erlangen
<i>"Exploring Viral Interference using Peptides"</i> |
| 15:45 | Short Lecture | Marie Gienger, Erlangen
<i>"Synthesis of heterobivalent dopamine receptor ligands"</i> |
| 16:00 | Poster Session/Coffee Break | |
| 16:30 | Short Lecture | Thomas Sommer, Erlangen
<i>"In silico 3D compound databases and virtual screening - valuable tools in food chemistry?"</i> |
| 16:45 | Short Lecture | Thomas Ertl, Regensburg
<i>"New neuropeptide Y ligands"</i> |
| 17:00 | Lecture | Prof. Dr. Andriy Mokhir, Erlangen
"Chemical catalytic reactions for control and monitoring of biochemical processes" |
| 18:00 | Poster Session/Presentation of research fields and topics for bachelor theses in medicinal and food chemistry (P. Gmeiner, J. Eichler, M. Pischetsrieder, O. Prante, K. Friedland, M. Heinrich) | |
| ca. 19:00 | Barbecue | |

Members of all participating groups as well as guests are welcome!
